NMOCON 2026

Medical College Baroda

March 21 - 22, 2026

NMO

National Medicos Organisation (NMO) is an organisation of Allopathic MBBS and BDS students and doctors, working since 1977, with the motto of 'स्वास्थ्य सेवा से राष्ट्र सेवा:- 'Health Service to National Service' and the vision to create service oriented nationalist doctors who respect 'गुरु-शिष्य परम्परा'- 'Teacher Student Relationship'. To ensure universal health coverage, it works to provide affordable, accessible, quality and sustainable healthcare to the under-privileged, tribal and other vulnerable sections of the society. NMO strives to inculcate moral ethics, empathy, compassion and integrity in the medical and dental fraternity.

Objectives of nmo

1. To work for the all-round welfare and development of the medical profession.
2. To utilize the energy and medical knowledge of medicos for solving various health problems of the downtrodden, particularly rural and tribal communities, with the support of central and state governments and various educational, professional, voluntary, and social organizations.
3. To work towards fulfilling the basic requirements of medicos and to guide and support them in resolving various issues arising from time to time.
4. To foster national character and discipline among medicos.
5. To promote constructive activities in social and cultural spheres and to channel the energy of medicos into various nation-building activities.
6. To seek the cooperation and goodwill of doctors, educationists, and various educational and health authorities in the work of NMO.
7. To promote better teacher-student relationships in medical and dental colleges and institutes of medical sciences.
8. To enhance the academic environment in medical colleges and institutes.
9. To provide a common platform and a unified approach for students, doctors, and educationists to work together for the reorganization of medical education in the broader context of national reconstruction.
10. To undertake all necessary efforts to achieve affordable, accessible, and quality healthcare for everyone.

NMOCON

In keeping up with its objectives, NMO annually organizes academic conferences across different parts of India with the aim of motivating and educating young doctors to contribute towards improving healthcare services in the country. These conferences encourage doctors to devote their time and medical knowledge to the upliftment of the deprived sections of society.

Through such endeavors, NMO provides updates on recent community-based healthcare service concepts and brings to light the challenges and issues faced by the healthcare system. It also explores possible solutions through government intervention while creating valuable opportunities for students to interact with leading professionals, academicians, and clinicians. NMOCON 2026 is being organized by NMO Gujarat on March 21-22, 2026 at Medical College, Baroda.

Who can attend

1. Allopathic and Dental Doctors
2. MBBS/Dental students (Interns, UG, PG)

न त्वहं कामये राज्यं न स्वर्गं नापुनर्भवम् । कामये दुःखताप्तानां प्राणिनाम् आर्तिनाशनम् ॥

March 21 - 22 ,2026

Guidelines for Participants

- Registration is mandatory for all events.
- Submission must be done on or before 15 February 2026, only through the website of NMOCON 2026.
- Participation for all events is only via the website of NMOCON 2026.
- Declaration of winners and prize distribution will be done during the Valedictory Function.
- In case of your absence at the Valedictory Function, the award will go to the next winner. Hence, kindly ensure your presence during the Valedictory Function.
- For all competitive events, the decision of the respective Organising Committee will be final.
- Regional and State structures will be according to the NMO organisational structure.
- The preliminary competition will be conducted online in the first week of February 2026.
- Provision for backup candidates during the preliminary competition, based on merit, will be made. If the winner is unable to participate in the conference, the backup candidate will be eligible to participate according to the merit list.
- Reporting time and venue will be informed to candidates through the website.
- Event-wise WhatsApp groups will be created by the Organising Team.
- All rights shall remain with the Organising Committee.
- Further updates will be shared through event-based WhatsApp groups after 31 January 2026.
- Abstracts of the top 10 scientific papers will be published in the NMO Journal and NMOCON 2026 Souvenir.
- Registration fees are non-refundable.
